H2020 – ENERGY BROKERAGE EVENT

9th April, 2019

House of Dutch Provinces, Rue de Treves 56, 1040
Bruxelles

CONCEPT

In view of the opening of the H2020 Programme Call **Building a low-carbon, climate resilient, future: secure, clean and efficient energy**, the ERRIN Energy and Climate Change Working Group is organising a **Brokerage event in Brussels on April 9th, 2019 in the afternoon**. The event is open to ERRIN members as well as the wider R&I community. The aim is to facilitate the creation of consortia for the submission of proposals under the H2020 framework.

A limited number of calls have been pre-selected (see list below), but if the call you are interested in is not on the list, don't worry and submit your project idea, it can still make it to the event!

We invite all those interested in leading a consortium to submit their project idea by filling in the template and sending it back to teresa.vio@errin.eu by **February 22nd, 2019**. You can also attach a one-pager describing your idea, if available.

If your aim is to find partners or join a consortium, but not as leader, please keep an eye on the website in March for the registration as a participant.

PRE-SELECTED CALLS

- [Decarbonisation of the EU building stock: innovative approaches and affordable solutions changing the market for buildings renovation](#)
LC-SC3-EE-1-2018-2019-2020
