

VISION | FLEXIBLE GLASS

WORKSHOP

»COATING ON FLEXIBLE GLASS«

APRIL 4-5, 2017

DRESDEN, GERMANY

A REASON TO CELEBRATE

Fraunhofer FEP is focusing on R&D for enabling technologies on ultra-thin flexible glass in both sheet-to-sheet and roll-to-roll processes.

Meet our experts and friends in pleasant atmosphere and celebrate with us!

A colorful workshop program on current issues in research and practice for the refinement of flexible glass expects you.

LOCATION
